## **Objectives of the Leadership Development Discussion Series:**

The Leadership Development Discussion Series developed by the Sterling Executive Group aims to enhance leadership skills and understanding of the leadership principles outlined. Focused on collaborative learning and personal growth, this series encourages members to discuss and apply key leadership principles within their organizations. The materials are intended for exclusive use by group members and their leadership teams to foster internal development. Through active participation in group discussions and practical application with their teams, members can elevate their leadership effectiveness. This series is a step towards cultivating a culture of leadership excellence within the Sterling groups members and their respective organizations.
